Hi Blair,

This is the response I sent out last week:

1. 120 students (approximately)
2. Ann Street Elementary School (126 Bloom St, Los Angeles, CA. 90012)
3. Enough blankets to cover the floor (approximately 20-30 blankets)

4. We have a start time of 9AM (Set-up around 8:30) We must be done no later than 12:30.
5. Popcorn would be a great idea.

Thank you

We just need the address of the school so he can put that on the quote.

For his COI please provide us an address for Historic Core BID or Para Los Ninos as additional. He wants to have one avail any ways for this.

Lastly— Dave and I want to do a tour of the auditorium. Any chance we can do that next week say on Wed in the AM? before thanksgiving?

Dave is generating 1 quote that will include:

His services  
My services  
The Popcorn ( I need to know a number count for kids— for accurate cost )  
The blankets ( \$300)

Please let us know about a walk through and address for quote and address for COI ( who will be named as an additional )

Good Afternoon Mr. Nakano,

I am very sorry but Commander Arcos' schedule for tomorrow has changed and he will not be able to meet with you tomorrow morning, November 24th, for the breakfast/meeting we had originally scheduled for 9:00 a.m. He sends his regrets and apologies. For the next several weeks he will be Acting for our Bureau Chief and then will be on his vacation, so it might be a bit before I can get back to you with a new date/time. Once again, our apologies. Hi Blair,

This is the response I sent out last week:

1. 120 students (approximately)

2. Ann Street Elementary School (126 Bloom St, Los Angeles, CA. 90012)
3. Enough blankets to cover the floor (approximately 20-30 blankets)
4. We have a start time of 9AM (Set-up around 8:30) We must be done no later than 12:30.
5. Popcorn would be a great idea.

Thank you

Lastly— Dave and I want to do a tour of the auditorium. Any chance we can do that next week say on Wed in the AM? before thanksgiving?

Dave is generating 1 quote that will include:

His services

My services

The Popcorn ( I need to know a number count for kids— for accurate cost )

The blankets ( \$300)

Please let us know about a walk through and address for quote and address for COI ( who will be named as an additional )

***~ To Provide Excellence in Service and Support ~***

**We want your feedback!**  
**Tell us where you would like a Bike Share station in DTLA!**

Metro is partnering with the City of Los Angeles to launch the Downtown Los Angeles Metro Countywide Bike Share Pilot Program in Summer 2016. The Pilot Program will feature up to 1,000 bicycles and 80 stations in Downtown Los Angeles.

Based on preliminary studies and two rounds of public feedback, we have identified over 100 possible station locations. Now we need your help to select the very best ones.

Visit [Metro.net/bikeshare](http://Metro.net/bikeshare) to view the Bike Share map showing proposed station locations. Tell us why you like or dislike a location directly on the map. **The deadline for comments is Thursday, December 31, 2015.** Spread the word! Don't forget to share with your networks #BikeShareLA!

When thinking about station locations, you may be wondering what attributes to consider. Below are some Q&A about station size and station siting criteria.

Q. What are the space requirements for a Bike Share station?

A. The average station size is approximately the size of three parking spaces. Some stations may be smaller or larger.

Q. What are the station siting criteria?

A. We are searching for locations on streets, on sidewalks or in plazas that provide:

- Connectivity - Connections to transit hubs and key destinations create a network.
- Space Availability - Wider sidewalks and parking spaces are great locations.
- Accessibility - Stations should be visible and easy to get to.
- Sun - Sunny spots are best since stations can run on solar power.
- Demand and Support - Stations should be located where there is high demand.

We encourage you to think about the above criteria when expressing your preferences.

Q. Are these stations set in stone?

A. No. This is a pilot program and the station locations will be evaluated as the program moves forward. Stations may be moved in the future.

> We responded to a shooting at the Standard Hotel. Four victims shot and one confirmed dead. One with serious injuries probable paralysis as a result. The incident stemmed from a birthday party probably involving black gang members at the hotel. There are two shooting scenes one in the front of the hotel and one to the rear. This was an isolated incident related to persons staying at the hotel. I have been in contact with the Standard regarding their operations. I will be meeting with them soon. Mike.

Hi there,

I'm contacting each of the Broadway BIDs to just touch base about Night on Broadway. I know you've been working with Joella Hopkins (who is out of town at the moment) about security and social media sharing. I am not sure if the powerwashing and cleaning has come up, but the Councilmember asked me about it, so I wanted to check in.

Are you planning to do a good pre-wash of Broadway before Night on Broadway? if so, when does your BID plan to do that and what will it entail?

I'd appreciate having the info to pass along and thanks so much for your help and partnership on Night on Broadway!

PS: Have you shared the event info? You were each tagged on our social media posts, so please help spread the word.

Sincerely,  
Jessica

Hi Kenneth,

Thank you SO much! I announced this news to our NOB planning team last night and everyone is so appreciative of your help and excited to work with a DTLA shop. However, we realized our estimate of 150 shirts is too low. Would you be able to donate 300? If not, we can try our best to augment the additional cost to you. Please let me know.

We are working on the artwork and will get that to you asap. It realistically may not be ready until after the holidays though. Would that be ok?

Lastly, please email me your logo so that I can get you up on the NOB website sponsor page.

Thanks for everything!

Downtown Business Improvement Districts

Ms. Schatz

Metro and the City of Los Angeles are partnering to launch the Downtown Los Angeles Metro Countywide Bike Share Pilot Program in Summer 2016. The Pilot Program will feature up to 1,000 bicycles and 80 stations in Downtown Los Angeles.

Based on preliminary studies and two rounds of public feedback, we have identified over 100 possible station locations. **Now we need your help to select the very best ones!**

**Visit <http://metro.net/bikeshare>** to view the Bike Share map showing proposed station locations. Tell us why you like or dislike a location directly on the map. **The deadline for comments is Thursday, December 31, 2015.**

We are searching for locations on streets, on sidewalks or in plazas that provide:

- Connectivity - Connections to transit hubs and key destinations create a network.
- Space Availability - Wider sidewalks and parking spaces are great locations. The average station size is approximately the size of three on-street parking spaces. Some stations may be smaller or larger.
- Accessibility - Stations should be visible and easy to get to.
- Sun - Sunny spots are best since stations are best run on solar power.
- Demand and Support - Stations should be located where there is high pedestrian foot traffic.

We encourage you to think about the above criteria when expressing your site preferences. This is a pilot program and the station locations will be evaluated as the program moves forward.

For more information watch this video presentation at <https://youtu.be/3sGqjX1IASY>

Lastly, spread the word and share with your networks #BikeShareLA!  
Thank you!

**Subject:** My Mom's Attack

Hi Brad,

Thank you so much for offering to help us try to find my mom's attacker. I know that many of us would feel much safer knowing that there was recourse for violent crimes.

Here are the details we have describing the attack.

On Monday afternoon, **December 14, 2015**, **Jan McCarthy**, resident and social director of the Eastern Columbia building was walking under the scaffolding on **Hill street** from **8th street** towards **9th**, from Whole Foods, carrying a black rolling cart, when she was approached by a **young male** in his **early 20's**, **brown hair**, wearing jeans, a light colored shirt, **Caucasian** walking casually along the sidewalk in the other direction (from 9th st to 8th st). She turned to move out of the way because he did not seem to be moving aside when all of sudden he punched her with extreme force in the face and then just kept walking casually on. My mom immediately started screaming for someone to help her and to stop the attacker but the several nearby pedestrians did nothing.

She was bleeding profusely from her nose and eye and had to stumble to Om Nom Market (in the Eastern Columbia building) to seek help and eventually get into her building. The building's manager Brandon, was extremely helpful in getting her up to her loft where my sister and I were able to get over to quickly and rush her to the hospital.

She has a receipt indicating she left Whole Foods at **2:26 pm** and reached the loft, after receiving assistance from Om Nom at **2:41 pm**.

She has a broken nose, several broken ocular bones, and requires surgery on her eye as pieces of the broken eye socket bones have fallen into her sinus cavities and risk healing incorrectly which could lead to a whole host of problems including double vision, her eye sinking down into her face due to lack of proper bone support, etc.

Unfortunately, due to other medical complications, she is unable to have the surgery and will be affected by this incident for the rest of her life. Her entire face is black and blue, her eye is swollen shut and blood leaks out, the entire left side of her face is so swollen that it's hard for her to chew.

Any assistance in helping the downtown community find and detain this assailant is greatly appreciated.

Thank you so much!

She was bleeding profusely from her nose and eye and had to stumble to Om Nom Market (in the Eastern Columbia building) to seek help and eventually get into her building. The building's manager Brandon, was extremely helpful in getting her up to her loft where my sister and I were able to get over to quickly and rush her to the hospital.

She has a receipt indicating she left Whole Foods at **2:26 pm** and reached the loft, after receiving assistance from Om Nom at **2:41 pm**.

She has a broken nose, several broken ocular bones, and requires surgery on her eye as pieces of the broken eye socket bones have fallen into her sinus cavities and risk healing incorrectly which could lead to a whole host of problems including double vision, her eye sinking down into her face due to lack of proper bone support, etc.

Unfortunately, due to other medical complications, she is unable to have the surgery and will be affected by this incident for the rest of her life. Her entire face is black and blue, her eye is swollen shut and blood leaks out, the entire left side of her face is so swollen that it's hard for her to chew.

Any assistance in helping the downtown community find and detain this assailant is greatly appreciated.

Thank you so much!

**Subject:** DTLA Forward

Hi All,

Our office will be launching DTLA Forward, a Downtown-centric approach to reaching our district-wide priority of achieving healthier and complete streets. This was created as an initiative that would help link and align many of the public and private projects happening throughout Downtown.

DTLA Forward will create a collaborative and inter-departmental umbrella group that serves as a clearing house and organizational point for City and Council initiatives that focus on the following outcomes for DTLA:

1. Access and linkages that improve downtown streets
2. Access and linkages that improve the pedestrian experience
3. Uses and activities that enliven the public space
4. Promotion of a cohesive DTLA image and a brand
5. Activation of commerce that promotes sociability

Since your organization will play a vital role in the success of DTLA Forward our office would like to invite you to be part of this new initiative.

For more information please feel free to reach out to our Downtown team CC'd on this email. We are excited to hear from you

and look forward to your participation.

Many thanks,

Anika Ostin

Hey Corey,

Are you able to provide the menu items and cost. I also believe Banyon is looking into LACS and the B of A building. Thanks to all of you for your help on this and please let us know as soon as you hear anything.

LACMA is available on 1/22/15. I'm confirming the hours.

If this is the location, all food purchases must be made through Patina, which is relatively more expensive.

Good afternoon All,

I contacted The California Endowment and was informed that on January 22, 2016, they will be closed. They also stated in order to utilize their facility there has to be a health care component and for a room to accommodate 200-300 people, it requires registration a year in advance.

The California Endowment might be ideal in terms of parking and catering. I am going to ask Joe H to check.

Captain Graham – can you weigh in on the appropriate point of contact from LAPD on this and what needs to be done to ensure that an advocate may work with the police while Jan (the victim) is out of the country?

**Subject:** Re: Physical Assault Issue on 8th and Hill - Update

I will do what I can, Hal -

But I can assure you the Police Department of Los Angeles SUCKS!

That is the nicest word I can find to describe how lazy they are... and how they do everything in their power to NOT work!

I just got off the phone with Sargent Thomas (213-486-6618) and while he was useless in giving me any information on this case, the way he spoke to me was an example of how horrible they are... I would give him facts about the case, and he would then turn those facts around to try and trip me up... it is like going around in circles - because they simply do not want to help - his questions were NOT helpful.

That is FACT. I think the other FACT that this has gone nowhere in 5 days also proves that.

Now... how do we work within this broken system? I do not know.

Since no detective has been assigned, I found that someone has to call on Monday morning at 8:30AM... (213-833-3750) to see what detective can be assigned. To pressure them to assign someone.

The problem then will be - whoever is an advocate for Jan will need an "affidavit" saying that they have the right to work on her behalf while she is out of the country... w/o that, I was told the detective will not communicate -

So - whoever Jan wants to give that affidavit to - they will need to get it ASAP since she is leaving town (and I have no idea "what" needs to be written down... does it need to be notarized? I don't know).

I will happily do it... but be warned - I am not friendly... so, perhaps the right person... or, perhaps not the best person.

disturbed for myself and everyone else out there that more isn't being done to catch this guy and take immediate and active steps for a safer environment in dtla. we are investing and living in downtown and expect a greater measure of protection and follow-up. it took the police [officers Estanol 36376, and Garcia 37866] investigative report #15121400-2519 they sent me a copy of - OR **150127566** over 2 hours to respond, they knew i was in the hospital so it wasn't some simple assault and i did tell them over the phone about the incident and that there was extensive damage]

i can understand how it may be weird for the victim to see the footage, but i am the best person to view it since i am the one who saw the assailant. i was not on my phone or even distracted in anyway. i was able to look directly at him. we have an incredible opportunity to actually pinpoint the exact time, day, and obtain information that may lead to his capture, and i feel there is really nothing being done to allow us to do that. so, he goes forward as a nameless, faceless male free to continue to hurting and possibly killing other innocent individuals.

i don't want this brushed aside. i want to feel safe to walk the streets in broad daylight. i want to continue to promote dtla as a place to come live and enjoy. we need action and the time is now. the resources may be limited but you have me willing to help and i don't get to. the resources may be limited but we waste incredible amounts of money on the most bizarre stupid stuff instead of figuring out how to hire qualified individuals to protect our citizens here. the more time that passes, the more we lose momentum. this isn't just about punishing someone who did something to me. this is about creating a protective environment for countless individuals and families that are willing to bet on the future of downtown, and have done so with a financial obligation and commitment to living and working here. all of you have an obligation to do something.

please, what is the next step that we can take immediately to do something beneficial? who else may we contact? what else can we do? to not only catch tho guy but to make dtla safer?

as my daughter mentioned, i am leaving the country for 11 days now, so when they finally follow up with me next week, it is highly likely that i may not be able to talk to them. but please send any emails, video, photos and i will do what i can.

thank you. jan mccarthy

Hi there,

So this was misclassified as a simple assault. It doesn't get assigned a detective, and it is pooled into the larger, generic stats category. After speaking with them and forwarding the photos, this would be classified as an aggravated assault and they should be assigning a detective and contacting you soon. The victim is not usually the one to review footage for a number of reasons- but they

will look for multiple cameras in the vicinity around the time of the assault. Maybe the detective will show some in an effort to narrow it down?

This is a lesson to all of us to do the very best we can to be advocates for ourselves-you were smart to reach out to the community for help. We have so much crime happening now that it's overwhelming.

Please let me know if you hear anything by the beginning of next week. I know the process is much slower than all of us would like-but the reality is that there are many crimes taking place and we have slim resources. (About 25% of the police force we actually need, in my opinion.)

So sorry this happened and I hope she recovers quickly and they catch this person.

Hey Blair,

I'm so sorry, you're right, I was missing a number in there! I'm not sure if you got Trinity's email but the correct number is 150127566. Also, I know this is probably a lot to ask but if there's any chance she might be able to look at footage today, that would be so helpful as we're leaving for Colombia for 10 days tomorrow and she's already mentioned that she's starting to forget what the guy looked like. Once again, thank you so much for all your help with this!

So apparently there are several numbers are missing from the report number listed below. Is it possible that you could have overlooked it? Received a call not five minutes ago requesting the full number from. Lieutenant.

Sorry about that. They are getting on it but need to find the report. I'm heading to bed but can pick this up tomorrow.

Hi Blair,

Thank you so much for following up! The case # of the police report is: 15027566.

Officers Garcia and Espinoza arrived to the building after we had already gone to the hospital and after the building manager had called Officer Linton. In speaking with different officers related to the case this morning, it appears that no one has been assigned to the case and it is in an open ended state at this point (very disappointing). That is good to know that the footage could be stored for a while but I think it would also probably be easier for her to potentially identify the person via footage before or after the incident as soon as possible as her memory will be more fresh. I've attached several photos of her face to this email and am more than happy to provide any other information we have that could be helpful. Thank you so much again for working with us on this!

Hi there. Do you have a police report number so I may follow up? There may or may not have been detectives assigned but that will help.

Video Footage is typically stored for at least 30 days so I wouldn't worry there. The scaffolding may have been an issue if it blocked the incident but they could ID the person crossing before/after the incident. Let me look into it but get me that number along with the responding officers names as soon as possible. Also, if you feel comfortable with it- a photo of her face. Sorry but we need all of the details we can get.

This also happened to a man getting off the bus at 6/Spring about a month ago. It was not a frat person. I'm not convicted it wasn't a recently released or mentally ill person yet but let's get the LAPD to do some more investigation.

Happy to help.

Hi Blair,

Ed Baran, Eastern Columbia resident and part of Angelo Home recommended I talk with you. On Monday 12/14/2015 in between 2:27 pm and 2:40 pm, my Mom, Jan McCarthy, resident and social director of the Eastern Columbia building was walking under the scaffolding on Hill street from 8th street towards 9th, from Whole Foods, carrying a black rolling cart, when she was approached by a young male in his early 20's, brown hair, wearing jeans, a light colored shirt, Caucasian walking casually along the sidewalk in the other direction (from 9th st to 8th st). She turned to move out of the way because he did not seem to be moving aside when all of sudden he punched her with extreme force in the face and then just kept walking casually on. My mom immediately started screaming for someone to help her and to stop the attacker but the several nearby pedestrians did nothing. She was bleeding profusely from her nose and eye and had to stumble to Om Nom Market (in the Eastern Columbia building) to seek help and eventually get into her building. The building's manager Brandon, was extremely helpful in getting her up to her loft where my sister and I were able to get over to

quickly and rush her to the hospital. She has a broken nose, several broken ocular bones, and requires surgery on her eye as pieces of the broken eye socket bones have fallen into her sinus cavities and risk healing incorrectly which could lead to a whole host of problems including double vision, her eye sinking down into her face due to lack of proper bone support, etc. Unfortunately, due to other medical complications, she is unable to have the surgery and will be affected by this incident for the rest of her life. Her entire face is black and blue, her eye is swollen shut and blood leaks out, the entire left side of her face is so swollen that it's hard for her to chew.

This senseless, vile act was unprovoked and my mom is adamant that the perpetrator appeared to be well dressed, not homeless or mentally ill nor on any drugs of any sort. He looked like a completely "normal" guy whose gait was not unstable, his eyes were not crazed and he said nothing to her before, during or after the assault. Given this, we have reason to believe this incident is part of a brutal game called the "Knockout Game" in which frats or young adults, prey on seemingly helpless people (target women, children and elderly) and try to "knock them out with one punch." This issue was in the news several years ago and recently more incidents have been cropping up again. Of course we don't know that this attack was part of the game or if it was just a deranged, mentally unstable individual but for the sake of protecting future victims and also detaining this person for this violent crime, we are seeking to try to allow my mom to view video footage collected from the surrounding area (street cameras at the intersections of both 9th and Hill and 8th and Hill, Chase Bank, Union Loft and the Broadway Trade Center security footage on Hill if there is any, plus any other security footage in this area that might exist). The police have been very unhelpful with this matter and seem to be blowing it off. They stated that they looked at some footage (we're not sure what or even what time they looked at) and said they didn't see anything. However, we are convinced that if my mom was able to look at any footage possibly from before he approached her and then after the attack, that she might be able to identify him. We are worried that if we wait too long, this footage could be deleted and we will have missed any opportunity to catch this seriously dangerous individual.

Ed mentioned that you might be able to help and we are so hopeful that you possibly can??? We are desperate.

Thank you for your consideration. We are all very worried about our safety downtown especially in this area and would love to see some sort of action and resolution for this hateful vicious crime.

Good afternoon  
All,

I contacted The California

will be closed. They also stated in order to utilize their  
facility there has to be a health care component and for a

Good morning All,

I realize we are all busy and preparing for the holidays but we definitely need to identify a venue for the upcoming LEAPS "Meet the Sheriff" meeting scheduled for January 22, 2016. Corey was able to confirm the availability of LACMA for that day although we would have to purchase their food. I just spoke with Banyon Hutter regarding LACS and the Bank of America Plaza and at this moment it appears that there is currently something scheduled at those locations.

Ed Zeier is waiting on call backs from Staples and City Club and Ed as soon as possible please let us know.

Thanks

Joe

Good morning All,

I realize we are all busy and preparing for the holidays but we definitely need to identify a venue for the upcoming LEAPS "Meet the Sheriff" meeting scheduled for January 22, 2016. Corey was able to confirm the availability of LACMA for that day although we would have to purchase their food. I just spoke with Banyon Hutter regarding LACS and the Bank of America Plaza and at this moment it appears that there is currently something scheduled at those locations.

Ed Zeier is waiting on call backs from Staples and City Club and Ed as soon as possible please let us know.

Thanks

If this is the  
location, all food purchases must be made through Patina,  
which is relatively more expensive.

If available, do we want to  
consider the Los Angeles Center Studios (Downtown L.A.)?

They have a 400 seat theater  
and I recall Deputy Chief Downing using the facility in the

Good afternoon  
All,

I contacted The California  
Endowment and was informed that on January 22, 2016, they  
will be closed. They also stated in order to utilize their  
facility there has to be a health care component and for a  
room to accommodate 200-300 people, it requires registration  
a year in advance.

Hi there!

Many of you all received an email from Anika inviting you and your organization to be a part of a new initiative by Councilmember Huizar called DTLA Forward. If you haven't, here's a quick recap:

DTLA Forward is an initiative that Councilmember Huizar is planning to launch that links and aligns many of the public and private projects happening throughout Downtown.

DTLA Forward will create a collaborative and inter-departmental umbrella group that serves as a clearing house and organizational point for City and Council initiatives that focus on the following outcomes for DTLA:

That being said, we will be launching DTLA Forward in February, and this is where you come in. We have been working with our fabulous community partner, Gensler, on developing branding and messaging for the initiative and are hoping to execute a guerrilla marketing campaign for DTLA Forward the month of January, before, the official launch.

**You are on this email because our Downtown team has specifically identified you as someone who can help us execute this campaign, both on the ground around DTLA and on social media.** We need your help!

More details to come, but I wanted to invite you to be a part of this exciting experiment. This is a guerrilla marketing campaign, so please do not share this information as this is invite specifically to you to be a part of our planning team. If you're game, please **let myself, Diana or Anika know if you will be able to make a conference call on Jan. 11th at 4:00 PM.** There, we will fully explain the campaign, your role and how you can help us execute this exciting initiative that looks to reclaim, improve, and create high quality public space in DTLA. Thanks!

Captain Graham – can you weigh in on the appropriate point of contact from LAPD on this and what needs to be done to ensure that an advocate may work with the police while Jan (the victim) is out of the country?

**Subject:** Re: Physical Assault Issue on 8th and Hill - Update

I will do what I can, Hal -

But I can assure you the Police Department of Los Angeles SUCKS!

That is the nicest word I can find to describe how lazy they are... and how they do everything in their power to NOT work!

I just got off the phone with Sargent Thomas (213-486-6618) and while he was useless in giving me any information on this case, the way he spoke to me was an example of how horrible they are... I would give him facts about the case, and he would then turn those facts around to try and trip me up... it is like going around in circles - because they simply do not want to help - his questions were NOT helpful.

That is FACT. I think the other FACT that this has gone nowhere in 5 days also proves that.

Now... how do we work within this broken system? I do not know.

Since no detective has been assigned, I found that someone has to call on Monday morning at 8:30AM... (213-833-3750) to see what detective can be assigned. To pressure them to assign someone.

The problem then will be - whoever is an advocate for Jan will need an "affidavit" saying that they have the right to work on her behalf while she is out of the country... w/o that, I was told the detective will not communicate -

So - whoever Jan wants to give that affidavit to - they will need to get it ASAP since she is leaving town (and I have no idea "what" needs to be written down... does it need to be notarized? I don't know).

I will happily do it... but be warned - I am not friendly... so, perhaps the right person... or, perhaps not the best person.

i can understand how it may be weird for the victim to see the footage, but i am the best person to view it since i am the one who saw the assailant. i was not on my phone or even distracted in anyway. i was able to look directly at him. we have an incredible opportunity to actually pinpoint the exact time, day, and obtain information that may lead to his capture, and i feel there is really nothing being done to allow us to do that. so, he goes forward as a nameless, faceless male free to continue to hurting and possibly killing other innocent individuals.

i don't want this brushed aside. i want to feel safe to walk the streets in broad daylight. i want to continue to promote dtla as a place to come live and enjoy. we need action and the time is now. the resources may be limited but you have me willing to help and i don't get to. the resources may be

limited but we waste incredible amounts of money on the most bizarre stupid stuff instead of figuring out how to hire qualified individuals to protect our citizens here. the more time that passes, the more we lose momentum. this isn't just about punishing someone who did something to me. this is about creating a protective environment for countless individuals and families that are willing to bet on the future of downtown, and have done so with a financial obligation and commitment to living and working here. all of you have an obligation to do something.

please, what is the next step that we can take immediately to do something beneficial? who else may we contact? what else can we do? to not only catch tho guy but to make dtla safer?

as my daughter mentioned, i am leaving the country for 11 days now, so when they finally follow up with me next week, it is highly likely that i may not be able to talk to them. but please send any emails, video, photos and i will do what i can.

Hi there,

So this was misclassified as a simple assault. It doesn't get assigned a detective, and it is pooled into the larger, generic stats category. After speaking with them and forwarding the photos, this would be classified as an aggravated assault and they should be assigning a detective and contacting you soon. The victim is not usually the one to review footage for a number of reasons- but they will look for multiple cameras in the vicinity around the time of the assault. Maybe the detective will show some in an effort to narrow it down?

This is a lesson to all of us to do the very best we can to be advocates for ourselves-you were smart to reach out to the community for help. We have so much crime happening now that it's overwhelming.

Please let me know if you hear anything by the beginning of next week. I know the process is much slower than all of us would like-but the reality is that there are many crimes taking place and we have slim resources. (About 25% of the police force we actually need, in my opinion.)

So sorry this happened and I hope she recovers quickly and they catch this person.

Officers Garcia and Espinoza arrived to the building after we had already gone to the hospital and after the building manager had called Officer Linton. In speaking with different officers related to the case this morning, it appears that no one has been assigned to the case and it is in an open ended state at this point (very disappointing). That is good to know that the footage could be stored for a while but I think it would also probably be easier for her to potentially identify the person via footage before or after the incident as soon as possible as her memory will be more fresh. I've attached several photos of her face to this email and am more than happy to provide any other information we have that could be helpful. Thank you so much again for working with us on this!

Video Footage is typically stored for at least 30 days so I wouldn't worry there. The scaffolding may have been an issue if it blocked the incident but they could ID the person crossing before/after the incident. Let me look into it but get me that number along with the responding officers names as soon as possible. Also, if you feel comfortable with it- a photo of her face. Sorry but we need all of the details we can get.

This also happened to a man getting off the bus at 6/Spring about a month ago. It was not a frat person. I'm not convicted it wasn't a recently released or mentally ill person yet but let's get the LAPD to do some more investigation.

Hi Blair,

Ed Baran, Eastern Columbia resident and part of Angelo Home recommended I talk with you. On Monday 12/14/2015 in between 2:27 pm and 2:40 pm, my Mom, Jan McCarthy, resident and social director of the Eastern Columbia building was walking under the scaffolding on Hill street from 8th street towards 9th, from Whole Foods, carrying a black rolling cart, when she was approached by a young male in his early 20's, brown hair, wearing jeans, a light colored shirt, Caucasian walking casually along the sidewalk in the other direction (from 9th st to 8th st). She turned to move out of the way because he did not seem to be moving aside when all of sudden he punched her with extreme force in the face and then just kept walking casually on. My mom immediately started screaming for someone to help her and to stop the attacker but the several nearby pedestrians did nothing. She was bleeding profusely from her nose and eye and had to stumble to Om Nom Market (in the Eastern Columbia building) to seek help and eventually get into her building. The building's manager Brandon, was extremely helpful in getting her up to her loft where my sister and I were able to get over to quickly and rush her to the hospital. She has a broken nose, several broken ocular bones, and requires surgery on her eye as pieces of the broken eye socket bones have fallen into her sinus cavities and risk healing incorrectly which could lead to a whole host of problems including double vision, her eye sinking down into her face due to lack of proper bone support, etc. Unfortunately, due to other medical complications, she is unable to have the surgery and will be affected by this incident for the rest of her life. Her entire face is black and blue, her eye is swollen shut and blood leaks out, the entire left side of her face is so swollen that it's hard for her to chew.

This senseless, vile act was unprovoked and my mom is adamant that the perpetrator appeared to be well dressed, not homeless or mentally ill nor on any drugs of any sort. He looked like a completely "normal" guy whose gait was not unstable, his eyes were not crazed and he said nothing to her before, during or after the assault. Given this, we have reason to believe this incident is part of a brutal game called the "Knockout Game" in which frats or young adults, prey on seemingly helpless people (target women, children and elderly) and try to "knock them out with one punch." This issue was in the news several years ago and recently more incidents have been cropping up again. Of course we don't know that this attack was part of the game or if it was just a deranged, mentally unstable individual but for the sake of protecting future victims and also detaining this person for this violent crime, we are seeking to try to allow my mom to view video footage collected from the surrounding area (street cameras at the intersections of both 9th and Hill and 8th and Hill, Chase Bank, Union Loft and the

Broadway Trade Center security footage on Hill if there is any, plus any other security footage in this area that might exist). The police have been very unhelpful with this matter and seem to be blowing it off. They stated that they looked at some footage (we're not sure what or even what time they looked at) and said they didn't see anything. However, we are convinced that if my mom was able to look at any footage possibly from before he approached her and then after the attack, that she might be able to identify him. We are worried that if we wait too long, this footage could be deleted and we will have missed any opportunity to catch this seriously dangerous individual.

Ed mentioned that you might be able to help and we are so hopeful that you possibly can??? We are desperate.

Thank you for your consideration. We are all very worried about our safety downtown especially in this area and would love to see some sort of action and resolution for this hateful vicious crime.

During this same incident, that occurred on July 17, 2015 at approximately 0700 hours, two of your Safety Officers names came up as possibly being

at scene during an interview. The two guards are Officers Leon and Valle. I called dispatch on Friday and they said I needed to talk to you about it. I am trying to verify, if if they were working and if they responded to the an incident on Broadway between 3rd and 4th. If they responded i also need to interview them.

can you please let me know.

I will do what I can, Hal -

But I can assure you the Police Department of Los Angeles SUCKS!

That is the nicest word I can find to describe how lazy they are... and how they do everything in their power to NOT work!

I just got off the phone with Sargent Thomas (213-486-6618) and while he was useless in giving me any information on this case, the way he spoke to me was an example of how horrible they are... I would give him facts about the case, and he would then turn those facts around to try and trip me up... it is like going around in circles - because they simply do not want to help - his questions were NOT helpful.

That is FACT. I think the other FACT that this has gone nowhere in 5 days also proves that.

Now... how do we work within this broken system? I do not know.

Since no detective has been assigned, I found that someone has to call on Monday morning at 8:30AM... (213-833-3750) to see what detective can be assigned. To pressure them to assign someone.

The problem then will be - whoever is an advocate for Jan will need an "affidavit" saying that they have the right to work on her behalf while she is out of the country... w/o that, I was told the detective will not communicate -

So - whoever Jan wants to give that affidavit to - they will need to get it ASAP since she is leaving town (and I have no idea "what" needs to be written down... does it need to be notarized? I don't know).

I will happily do it... but be warned - I am not friendly... so, perhaps the right person... or, perhaps not the best person.

i can understand how it may be weird for the victim to see the footage, but i am the best person to view it since i am the one who saw the assailant. i was not on my phone or even distracted in anyway. i was able to look directly at him. we have an incredible opportunity to actually pinpoint the exact time, day, and obtain information that may lead to his capture, and i feel there is really nothing being done to allow us to do that. so, he goes forward as a nameless, faceless male free to continue to hurting and possibly killing other innocent individuals.

i don't want this brushed aside. i want to feel safe to walk the streets in broad daylight. i want to continue to promote dtla as a place to come live and enjoy. we need action and the time is now. the resources may be limited but you have me willing to help and i don't get to. the resources may be limited but we waste incredible amounts of money on the most bizarre stupid stuff instead of figuring out how to hire qualified individuals to protect our citizens here. the more time that passes, the more we lose momentum. this isn't just about punishing someone who did something to me. this is about creating a

protective environment for countless individuals and families that are willing to bet on the future of downtown, and have done so with a financial obligation and commitment to living and working here. all of you have an obligation to do something.

please, what is the next step that we can take immediately to do something beneficial? who else may we contact? what else can we do? to not only catch the guy but to make dtla safer?

as my daughter mentioned, i am leaving the country for 11 days now, so when they finally follow up with me next week, it is highly likely that i may not be able to talk to them. but please send any emails, video, photos and i will do what i can.

Hi there,

So this was misclassified as a simple assault. It doesn't get assigned a detective, and it is pooled into the larger, generic stats category. After speaking with them and forwarding the photos, this would be classified as an aggravated assault and they should be assigning a detective and contacting you soon. The victim is not usually the one to review footage for a number of reasons- but they will look for multiple cameras in the vicinity around the time of the assault. Maybe the detective will show some in an effort to narrow it down?

This is a lesson to all of us to do the very best we can to be advocates for ourselves-you were smart to reach out to the community for help. We have so much crime happening now that it's overwhelming.

Please let me know if you hear anything by the beginning of next week. I know the process is much slower than all of us would like-but the reality is that there are many crimes taking place and we have slim resources. (About 25% of the police force we actually need, in my opinion.)

So sorry this happened and I hope she recovers quickly and they catch this person.

Hi Blair,

Thank you so much for following up! The case # of the police report is: 15027566. Officers Garcia and Espinoza arrived to the building after we had already gone to the hospital and after the building manager had called Officer Linton. In speaking with different officers related to the case this morning, it appears that no one has been assigned to the case and it is in an open ended state at this point (very disappointing). That is good to know that the footage could be stored for a while but I think it would also probably be easier for her to potentially identify the person via footage before or after the incident as soon as possible as her memory will be more fresh. I've attached several photos of her face to this email and am more than happy to provide any other information we have that could be helpful. Thank you so much again for working with us on this!

Video Footage is typically stored for at least 30 days so I wouldn't worry there. The scaffolding may have been an issue if it blocked the incident but they could ID the person crossing before/after the incident. Let me look into it but get me that number along with the responding officers names as soon as possible. Also, if you feel comfortable with it- a photo of her face. Sorry but we need all of the details we can get.

This also happened to a man getting off the bus at 6/Spring about a month ago. It was not a frat person. I'm not convicted it wasn't a recently released or mentally ill person yet but let's get the LAPD to do some more investigation.

Happy to help.

Hi Blair,

Ed Baran, Eastern Columbia resident and part of Angelo Home recommended I talk with you. On Monday 12/14/2015 in between 2:27 pm and 2:40 pm, my Mom, Jan McCarthy, resident and social director of the Eastern Columbia building was walking under the scaffolding on Hill street from 8th street towards 9th, from Whole Foods, carrying a black rolling cart, when she was approached by a young male in his early 20's, brown hair, wearing jeans, a light colored shirt, Caucasian walking casually along the sidewalk in the other direction (from 9th st to 8th st). She turned to move out of the way because he did not seem to be moving aside when all of sudden he punched her with extreme force in the face and then just kept walking casually on. My mom immediately started screaming for someone to help her and to stop the attacker but the several nearby pedestrians did nothing. She was bleeding profusely from her nose and eye and had to stumble to Om Nom Market (in the Eastern Columbia building) to seek help and eventually get into her building. The building's manager Brandon, was extremely helpful in getting her up to her loft where my sister and I were able to get over to quickly and rush her to the hospital. She has a broken nose, several broken ocular bones, and requires surgery on her eye as pieces of the broken eye socket bones have fallen into her sinus cavities and risk healing incorrectly which could lead to a whole host of problems including double vision, her eye sinking down into her face due to lack of proper bone support, etc. Unfortunately, due to other medical complications, she is unable to have the surgery and will be affected by this incident for the rest of her life. Her entire face is black and blue, her eye is swollen shut and blood leaks out, the entire left side of her face is so swollen that it's hard for her to chew.

This senseless, vile act was unprovoked and my mom is adamant that the perpetrator appeared to be well dressed, not homeless or mentally ill nor on any drugs of any sort. He looked like a completely "normal" guy whose gait was not unstable, his eyes were not crazed and he said nothing to her before, during or after the assault. Given this, we have reason to believe this incident is part of a brutal game called the "Knockout Game" in which frats or young adults, prey on seemingly helpless people (target women, children and elderly) and try to "knock them out with one punch." This issue was in the news several years ago and recently more incidents have been cropping up again. Of course we don't know that this attack was part of the game or if it was just a deranged, mentally unstable individual but for the sake of protecting future victims and also detaining this person for this violent crime, we are seeking to try to allow my mom to view video footage collected from the surrounding area (street cameras at the intersections of both 9th and Hill and 8th and Hill, Chase Bank, Union Loft and the Broadway Trade Center security footage on Hill if there is any, plus any other security footage in this area that might exist). The police have been very unhelpful with this matter and seem to be blowing it off. They stated that they looked at some footage (we're not sure what or even what time they looked at) and said they didn't see anything. However, we are convinced that if my mom was able to look at any footage possibly from before he approached her and then after the attack, that she might be able to identify him. We are worried that if we wait too long, this footage could be deleted and we will have missed any opportunity to catch this seriously dangerous individual.

Ed mentioned that you might be able to help and we are so hopeful that you possibly can??? We are desperate.

Thank you for your consideration. We are all very worried about our safety downtown especially in this area and would love to see some sort of action and resolution for this hateful vicious crime.

**Subject:** DTLA Forward

Hi All,

Our office will be launching DTLA Forward, a Downtown-centric approach to reaching our district-wide priority of achieving healthier and complete streets. This was created as an initiative that would help link and align many of the public and private projects happening throughout Downtown.

DTLA Forward will create a collaborative and inter-departmental umbrella group that serves as a clearing house and organizational point for City and Council initiatives that focus on the following outcomes for DTLA:

1. Access and linkages that improve downtown streets
2. Access and linkages that improve the pedestrian experience
3. Uses and activities that enliven the public space

4. Promotion of a cohesive DTLA image and a brand
5. Activation of commerce that promotes sociability

Since your organization will play a vital role in the success of DTLA Forward our office would like to invite you to be part of this new initiative.

For more information please feel free to reach out to our Downtown team CC'd on this email. We are excited to hear from you and look forward to your participation.

Many thanks,

Anika Ostin

**Subject:** DTLA Forward Planning Team Conference Call

Hi there!

Many of you all received an email from Anika inviting you and your organization to be a part of a new initiative by Councilmember Huizar called DTLA Forward. If you haven't, here's a quick recap:

DTLA Forward is an initiative that Councilmember Huizar is planning to launch that links and aligns many of the public and private projects happening throughout Downtown.

DTLA Forward will create a collaborative and inter-departmental umbrella group that serves as a clearing house and organizational point for City and Council initiatives that focus on the following outcomes for DTLA:

1. Access and linkages that improve downtown streets
2. Access and linkages that improve the pedestrian experience
3. Uses and activities that enliven the public space
4. Promotion of a cohesive DTLA image and a brand

## 5. Activation of commerce that promotes sociability

That being said, we will be launching DTLA Forward in February, and this is where you come in. We have been working with our fabulous community partner, Gensler, on developing branding and messaging for the initiative and are hoping to execute a guerrilla marketing campaign for DTLA Forward the month of January, before, the official launch.

**You are on this email because our Downtown team has specifically identified you as someone who can help us execute this campaign, both on the ground around DTLA and on social media.** We need your help!

More details to come, but I wanted to invite you to be a part of this exciting experiment. This is a guerrilla marketing campaign, so please do not share this information as this is invite specifically to you to be a part of our planning team. If you're game, please **let myself, Diana or Anika know if you will be able to make a conference call on Jan. 11th at 4:00 PM.** There, we will fully explain the campaign, your role and how you can help us execute this exciting initiative that looks to reclaim, improve, and create high quality public space in DTLA. Thanks!

Hi J1 and J2,

Hope you both had a happy holiday! With the sponsorship money we were given by Psomas, this is doable, right? 150 printed shirts free, the remaining 150 at cost. And what's the next step as far as getting the artwork?

Thank you,  
Julia

Hi Julia,

Sorry for the delay in getting back to you. I'll get you our logo ASAP for the website. No problem on not getting us the art until after the holidays. As long as we everything finalized mid-January we'll be fine.

As for quantity, 150 is the most we can donate, as the cost on those is already greater than \$500. We'd be happy to supply the rest for you at our cost though, I just need to see the artwork before we finalize those details.

Thanks Julia.

Hi Kenneth,

Thank you SO much! I announced this news to our NOB planning team last night and everyone is so appreciative of your help and excited to work with a DTLA shop. However, we realized our estimate of 150 shirts is too low. Would you be able to donate 300? If not, we can try our best to augment the additional cost to you. Please let me know.

We are working on the artwork and will get that to you asap. It realistically may not be ready until after the holidays though. Would that be ok?

Lastly, please email me your logo so that I can get you up on the NOB website sponsor page.

Thanks for everything!

My best,  
Julia

Hi All,

Our office will be launching DTLA Forward, a Downtown-centric approach to reaching our district-wide priority of achieving healthier and complete streets. This was created as an initiative that would help link and align many of the public and private projects happening throughout Downtown.

DTLA Forward will create a collaborative and inter-departmental umbrella group that serves as a clearing house and organizational point for City and Council initiatives that focus on the following outcomes for DTLA:

1. Access and linkages that improve downtown streets
2. Access and linkages that improve the pedestrian experience
3. Uses and activities that enliven the public space
4. Promotion of a cohesive DTLA image and a brand
5. Activation of commerce that promotes sociability

Since your organization will play a vital role in the success of DTLA Forward our office would like to invite you to be part of this new initiative.

For more information please feel free to reach out to our Downtown team CC'd on this email. We are excited to hear from you and look forward to your participation.

Many thanks,

Jordan,

I think it's okay, but I would recommend a couple of changes.

1. Not everyone knows what Prop 47 is. So perhaps the title change to "Opening Our Prisons: The Impact of Prop 47" or something similar.
2. The fact that Sheriff McDonnell is our keynote should have his name in **bold letters** to draw attention. It's a big deal.
3. Is Noon the release time? I thought we said 11:30. It might make a difference.
4. The phone number for the leaps text is only 6 digits. Is this correct?

Otherwise, good to go!

We need to ask WAG to design a tshirt. Chris,....?

I suggest red shirts and the front have the Night on Broadway logo with the date, then the Food, Entertainment, Culture Arts, celebrating 8 years of Councilmember Huizar's BBB wording.

Then please include the psomas logo on a sleeve, and on the back just the N.O.B. logo and the words "ASK ME" on the back?

Thoughts?

Hi J1 and J2,

Hope you both had a happy holiday! With the sponsorship money we were given by Psomas, this is doable, right? 150 printed shirts free, the remaining 150 at cost. And what's the next step as far as getting the artwork?

Thank you,

Hi Julia,

Sorry for the delay in getting back to you. I'll get you our logo ASAP for the website. No problem on not getting us the art until after the holidays. As long as we everything finalized mid-January we'll be fine.

As for quantity, 150 is the most we can donate, as the cost on those is already greater than \$500. We'd be happy to supply the

rest for you at our cost though, I just need to see the artwork before we finalize those details.

Thanks Julia.

Hi Kenneth,

Thank you SO much! I announced this news to our NOB planning team last night and everyone is so appreciative of your help and excited to work with a DTLA shop. However, we realized our estimate of 150 shirts is too low. Would you be able to donate 300? If not, we can try our best to augment the additional cost to you. Please let me know.

We are working on the artwork and will get that to you asap. It realistically may not be ready until after the holidays though. Would that be ok?

Lastly, please email me your logo so that I can get you up on the NOB website sponsor page.

Thanks for everything!

I've made some edits and resized a couple of things to get it on one page. Need to clean up the box with. LEAPS in it.

And we need to shift the times. Jim doesn't speak until 9:30 so we need another speaker from the DA's office or change the times to cover Jim's speaking window.

Once we get that decided, we can go live with registration.

1. The part in the blue ribbon says "THE SEN/ENTEENTH ANN UAL" [bold is off and so is spacing and the V is missing.]
2. LEAPS just below the badges is cutoff at the top of all the letters.

If this is just on my Word document and not on anyone else's then please ignore.

I'm working with Ed Zeier right now on the Sponsorship Packages and the Sponsorship Cover Letter.

#yiv7054412970 Jordan, I think it's okay, but I would

recommend a couple of changes. 1. Not everyone knows what Prop 47

is. So perhaps the title change to "Opening Our Prisons:

The Impact of Prop 47" or something similar.2. The fact that Sheriff McDonnell is

our keynote should have his name in bold letters to

draw attention. It's a big deal.3. Is Noon the release time? I

thought we said 11:30. It might make a

difference.4. The phone number for the leaps

text is only 6 digits. Is this correct? Otherwise, good to

go! Barry A. Bradley,

I've made some edits and resized a couple of things to get it on one page. Need to clean up the box with LEAPS in it.

And we need to shift the times. Jim doesn't speak until 9:30 so we need another speaker from the DA's office or change the times to cover Jim's speaking window.

Once we get that decided, we can go live with registration.

Thanks,

It may just be my copy, but here's my additional comments:

1. The part in the blue ribbon says "THE SEN/ENTEENTH ANN UAL" [bold is off and so is spacing and the V is missing.]
2. LEAPS just below the badges is cutoff at the top of all the letters.

If this is just on my Word document and not on anyone else's then please ignore.

I'm working with Ed Zeier right now on the Sponsorship Packages and the Sponsorship Cover Letter.

#yiv7054412970 Jordan, I think it's okay, but I would

recommend a couple of changes. 1. Not everyone knows what Prop 47

is. So perhaps the title change to "Opening Our Prisons:

The Impact of Prop 47" or something similar.2. The fact that Sheriff McDonnell is

our keynote should have his name in bold letters to

draw attention. It's a big deal.3. Is Noon the release time? I

thought we said 11:30. It might make a

difference.4. The phone number for the leaps

text is only 6 digits. Is this correct? Otherwise, good to

go! Barry A. Bradley,

Good Afternoon Mr. Nakano,

I am very sorry but Commander Arcos' schedule for tomorrow has changed and he will not be able to meet with you tomorrow morning, November 24th, for the breakfast/meeting we had originally scheduled for 9:00 a.m. He sends his regrets and apologies. For the next several weeks he will be Acting for our Bureau Chief and then will be on his vacation, so it might be a bit before I can get back to you with a new date/time. Once again, our apologies. It looks like there are typos. Also, Prop 47 is the decriminalization of organized crime. AB 109 is the prison realignment issue.

I've made some edits and resized a couple of things to get it on one page. Need to clean up the box with. LEAPS in it.

And we need to shift the times. Jim doesn't speak until 9:30 so we need another speaker from the DA's office or change the times to cover Jim's speaking window.

Once we get that decided, we can go live with registration.

#yiv7054412970 Jordan, I think it's okay, but I would  
recommend a couple of changes. 1. Not everyone knows what Prop 47  
is. So perhaps the title change to "Opening Our Prisons:  
The Impact of Prop 47" or something similar.2. The fact that Sheriff McDonnell is  
our keynote should have his name in bold letters to  
draw attention. It's a big deal.3. Is Noon the release time? I  
thought we said 11:30. It might make a  
difference.4. The phone number for the leaps  
text is only 6 digits. Is this correct? Otherwise, good to  
go! Barry A. Bradley,

#yiv7054412970 Jordan, I think it's okay, but I would  
recommend a couple of changes. 1. Not everyone knows what Prop 47  
is. So perhaps the title change to "Opening Our Prisons:  
The Impact of Prop 47" or something similar.2. The fact that Sheriff McDonnell is  
our keynote should have his name in bold letters to  
draw attention. It's a big deal.3. Is Noon the release time? I

thought we said 11:30. It might make a difference.4. The phone number for the leaps text is only 6 digits. Is this correct? Otherwise, good to go! Barry A. Bradley,

Ken,

Hi, there! I wanted to reach out to you since I recently left Major Crimes Division and am a detective working the Burglary table at Central Station. I'll be here for a year or so.

I want to reach out to all of the Downtown LA BIDs as you will be extra eyes and ears for me and if I have anything to share, I'd like to share the info to you for safety and investigation reasons.

Do you have a copy/list/map of which BID handles what areas?

Thanks,

Ken

Dear Friend,

As we celebrate and approach a new year, I write to ask you to join me in protecting after school activities that are vital to over 25,000 children and families in the City of Los Angeles every day.

**LA's BEST is at risk.**

Costs have increased due to new public mandates, and our funding is not keeping up

with the cost of operating the program.

Protect this safe and supportive place for kids to be after school. Protect academic support, healthy meals, arts education and after school sports. Protect brighter futures, locally grown.

Protect LA's BEST!

Dalia --

As we start fresh in the new year, I want to share with you a quick review of all the great things that happened in 2015.

In addition to improving the quality of life in every community across the 13th District, we have set in motion a permanent revenue stream to restore the Los Angeles River, we have improved walkability in our communities by enhancing pedestrian safety, and developed measures to protect the character in our residential neighborhoods.

Of course, we can always do more to promote the health and well-being of our families, make housing more affordable for people who desperately need it, improve the look and feel of every street, and work to strengthen our local economy. These are topics I will continue to fight for on your behalf on the Los Angeles City Council.

My staff and I are looking forward to 2016, and continuing our work to provide top-notch city services to our constituents, as well as ensuring a safe, enjoyable visitor experience to some of the most vibrant neighborhoods in all of Los Angeles.

Warm regards,

Mitch O'Farrell

**Sent:** Wednesday, December 30, 2015 2:05 PM  
**Subject:** DR-4240 Hazard Mitigation Grant Program Notice of Interest Announcement

The California Governor's Office of Emergency Services (Cal OES) is announcing the opening of the Hazard Mitigation Grant Program (HMGP) made available by the Presidential Disaster Declaration for the Valley and Butte Fires (DR-4240). This program provides funding for the implementation of hazard mitigation project activities using grant funds from the Federal Emergency Management Agency (FEMA). FEMA's HMGP provides up to 75 percent federal share toward the total eligible activity cost. For DR-4240, the federal share may not exceed \$3,000,000.

Eligible subaward applicants are required to submit a Notice of Interest (NOI) to participate in the HMGP. Eligible subaward applicants include State agencies, local governments, special districts, public colleges and universities, and private non-profit organizations as defined in *Title 44 of the Code of Federal Regulations (44 CFR), Section 206.434(a)*. NOIs will be accepted from eligible subaward applicants statewide, pursuant to *44 CFR, Section 206.433(b)*.

The NOI can be found at <http://www.caloes.ca.gov/cal-oes-divisions/recovery/disaster-mitigation-technical-support/404-hazard-mitigation-grant-program>. NOIs must be submitted electronically. Each question must be answered in the space provided and following the instructions provided on Cal OES' website. Do not send any additional documents, they will not be considered during the NOI eligibility determination process.

Only NOIs received between December 30, 2015, and midnight on January 29, 2016, will be considered for this funding opportunity. NOIs received after midnight January 29, 2016, will not be accepted.

NOIs will be reviewed by Cal OES for eligibility. Eligible projects must meet the criteria specified in FEMA's 2013 Hazard Mitigation Assistance (HMA) guidance. The HMA guidance is available at <https://www.fema.gov/hazard-mitigation-assistance-program-guidance> and provides information on applicant and activity eligibility as well as other requirements including performance period, funding limits, cost effectiveness, environmental review, and documentation minimums. Please review eligibility requirements before submitting an NOI.

Eligible subaward applicants submitting eligible NOIs will be notified and allowed to submit an HMGP application for DR-4240 funding consideration. The HMGP application process is highly competitive. Selection for application submission is not a guarantee of funding.
